            <h2>LAMBORGHINI </h2>
            <p><i><mark>LAMBORGHINI&nbsp;&nbsp;&nbsp;</mark></i>
            makes really fancy sports cars that are super fast and look really cool. They
            have sharp designs with doors that open upwards. These cars are built to go
            really fast and handle well, using lightweight materials like carbon fiber. They
            have big engines that make a lot of noise and give you a thrilling ride.
            Lamborghini's cars are not just for driving—they're symbols of luxury and
            high performance, loved by people who want something special and
            exciting.</p>
            </div>
            <div class ="sub">
                
                <h2>ROLLS-ROYCE</h2>

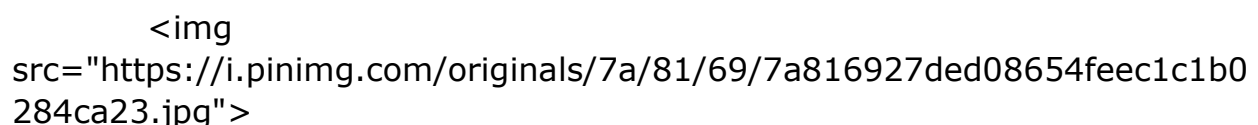

```

***ROLLS-ROYCE*** makes luxury cars that are known for their elegance and comfort. They are very expensive and often customized to fit the owner's preferences. Rolls-Royce cars have a classic design with a distinctive grille and the famous Spirit of Ecstasy ornament on the hood. They are powered by powerful engines that provide a smooth and quiet ride. Inside, they are fitted with the finest materials and advanced technology for ultimate comfort and luxury. Rolls-Royce cars are a symbol of status and prestige, loved by those who appreciate craftsmanship and exclusivity.
